REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Claims 1 is allowable over the prior art of record since the cited references taken individually or in combination fails to particularly disclose determining minute of outage in response to receiving the information identifying the higher-level alarm associated with the SONET facility and the information identifying the lower-level alarm associated with the SONET facility by subtracting the overlap between the first time period and the second time period. Therefore, the prior art of record fails to show or render obvious the above underline limitations as claimed.

Claim 5 is allowable over the prior art of record since the cited references taken individually or in combination fails to particularly disclose determining minutes of outage in response to determining the outage for each of the levels in the facility hierarchy, including correlating the outage for each of the levels by subtracting overlap between the higher levels and outage of the lower levels. Therefore, the prior art of record fails to show or render obvious the above underline limitations as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
